APRIL 1995

SPRING ROUNDUP – SAT., MAY 6

¡Olé! Well, the annual Campbell Spring Roundup is almost on Cinco de Mayo, but when did we ever need an excuse to drink margaritas and Corona??

We'll kick it off with the traditional Bottled-Water-Full-of-Bloody Marys here at the factory, starting around 9.

Then we'll head for the boats and meet the rest of the Campbells off the Nautical Inn around 10:30. Last year's run to Three Dunes Cove worked out well, as we could all pull in on that big sandy beach, so we'll again go down river. Of course there will be the usual drawings for good stuff (including that free trip to the Regatta) and the always popular Poker-Hand Mixer.

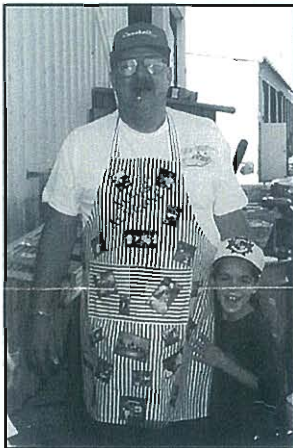

So gather up your amigos, throw some beer and burritos in the cooler, and join us here in Havasu on May 6th! ¡Hasta la vista!

"FANTASTIC" THEME FOR REGATTA

After much deliberation, we've come up with the theme for the Saturday Boat Parade for the 23rd Annual Campbell Boat Owners Regatta. We hope that "VACATION FANTASY" will get those creative juices flowing in terms of possible boat decoration, costumes, etc. You always do a great job! And remember, it is not necessary to decorate to participate in the parade as, in addition to the theme awards, we also give "most beautiful" awards in each boat category.

So whether your own "VACATION FANTASY" is spending three months in space with two Russian cosmonauts or feeling FANCY FREE during an ENDLESS SUMMER in your TIJUANA TAXI, drinking TRIPLE SEC with BEEFEATER, plan to join the rest of the Campbell family here for the weekend of September 8, 9, 10 and the 23rd Regatta!

The man himself, Klaus Brittinger, with Jake, an admirer. Klaus' apron is a photo momento of past Klambakes.

Jan. 21 – The 3rd annual Klaus' Klambake draws a crowd of sea food fans who get reacquainted around the 5 gallon jug of Bloody Marys.

Fred sez, "A live lobster makes a great toy for Cliff and Kathy's little boy."

KLAUS' KLAMBAKE KANDIDS

While Klaus cooks, we pack the GREEN LIMOUSINE for some winter boating.

Back at the factory, we spend an entire day demolishing 40 pounds of shrimp; a case each of mussels, oysters and clams; 80 swordfish steaks and, of course, those 60 live lobsters. Some participants in the past have worked up an appetite between courses by off-roading in the Campbell golf cart—an activity which is here discouraged.

LETTER FROM THE PRESIDENT

Looking back at the past 12 months, we are considering dropping the boat business and going into the entertainment business!

We started the year here at the factory with a city-wide New Year's Eve party and moved quickly into the Klambake and the Spring Roundup. We rested a bit during the 120° heat, then wound up the year with the Regatta and the Boat Parade of Lights. All we need now is a location for July Polar Bear Days and we'll have the year covered!

We just returned from the Las Vegas Boat Show, and the change in Vegas in recent years is really amazing – new construction everywhere, more people everywhere, and, fortunately, more boat buyers too.

We're glad to be back in Havasu and looking forward to seeing a lot of you next month at the Spring Roundup!

Bob Whelan

The Campbell entry of Santa's Sleigh, 8 reindeer, and Rudolph, heads out from the launch ramp for the annual Christmas Boat Parade of Lights.

Many thanks to the Colleys (both), Crows, Tyrrells, Browns, Betchners, Lees, Zimmermans, Ramsdens and Mike Feas who helped make up the 225' long entry. After our Grand Prize win last year, we took ourselves out of competition and just enter for the fun of it (of course, the many compliments are nice too...).

Havasu's clear winter days are a great time to fly along the river. The Campbell Complex is left of center, with Windsor launch ramp in the right foreground.

On New Year's Eve, Campbell Boat Co. becomes the Reindeer Room of BIG BOB'S PARTY BARN for the 2nd annual New Year's Eve Party. Make plans to join us next year – you know the place!

FRED SEZ...

Be careful going up river this Spring – the lake level is really fluctuating.

It is possible to get up river on a Saturday and not be able to get back – ask the tall one.

On second thought, don't bring up the subject!

FALL 4 WHEELING

Where else but in Havasu can you enjoy an in-the-water boat show in the morning and be checking out old mines in the desert by lunchtime?? This year's four-wheel drive excursion on November 19 provided a little bit of everything that the area has to offer.

We started off by toasting Frank Sheldon's birthday with Bloody Marys, then stopped by the channel for a look at all the wonderful old wood boats at the Classic Antique Boat Show. Both Bill Follmer and his father, Jack, had beautifully restored entrants in the show. Campbell owners whose idea of maintenance is a little vinegar and water, can barely comprehend the time involved in keeping that mahogany perfect.

Gary then led us south of town to the off-road area known as Standard Wash. We explored a couple of mining sites and some strange freshwater springs (one with a toothbrush and toothpaste carefully placed on the edge). Of course there was lunch around the bonfire, listening to various stories. Ask Gordon and Joyce Brown about their early experiences in "striking it rich" through mining...

True, you can't "crawl a mall" in Havasu, but there are plenty of ways to spend an enjoyable day here. Plan to join us next fall for the four-wheel drive excursion.

The much-admired "old woodies" at the Classic Antique Boat Show.

Posing behind Pam (Mrs. Bill) Follmer's classic antique boat are Gary McDade, Klaus Brittinger, Bill and Mrs. Jack Follmer.

Lunch break up Standard Wash.

LHC SPRING BOAT & RV SHOW

The 3rd Annual Spring Boat & RV Show will be held April 21 to 23 at the Megafoods end of the Havasu North Shopping Center. We'll be bringing down our Campbells and Cobalts and many other lines will be represented as well. If you know anyone in the market for a boat or RV, new or used, this is a good chance to save some legwork and see them all in one place. Even if you're not a buyer, come by and say hi!

"LIVING HIS DREAM"

You may not recognize Campbell owner Ed Ramsden in this suit and tie as his preferred "suit" is more of the bathing variety when he is boating on his 1967 24' Campbell Classic. Ed has been coming to Havasu since 1970, and in 1993 he retired from GTE and moved here full time with wife, Sheri (already famous for her wonderful rum cake), and beautiful daughters Jenna and Megan.

In addition to selling real estate, Ed says he is "living my dream of many years" by working at Campbell Boats. He is helping us put together a more active marketing plan for both new and used boats in 1995. With Ed here, we will be able to more actively pursue the Campbell market; new, used and consignment.

*Ed especially looks forward to meeting and working with other Campbell owners. You can reach him here at our new area code: **(520) 855-2133***
